Hi Kirk (and Mike and Heather!),

I didn't have the chance to see you in person this morning when I came to pick up my car, so I wanted to send you this note to tell you how AMAZING I think you all are!

My car runs beautifully now (no more clunking!) and I'm so thrilled with the work that was done. I know I pestered you guys by calling all the time, but my car is like my baby and I really feel like you all understood that and took the best care of my car while I was away.

So, thanks to all of you for doing such a spectacular job as always! I recommend you to everyone I know :)
